ABA-Approved Paralegal Studies Certificate — *Expected 02/2027*
Maurice A. Deane School of Law at Hofstra University — **Hempstead, NY**

Bachelor of Arts (B.A.), International Political Economy & Diplomacy and Religion & Politics
University of Bridgeport — **Bridgeport, CT**

PROFESSIONAL EXPERIENCE

Security Operations Center Analyst — *03/2026 to present*
NBCUniversal — **New York, NY**

- Analyzed real-time security events across 220+ integrated surveillance and alarm systems to detect, assess, and escalate potential threats in alignment with incident response protocols
- Generated and maintained audit-ready incident reports and activity logs, documenting 16+ daily security events to support compliance, risk management, and investigative efforts
- Orchestrated cross-functional incident response communications, ensuring rapid escalation and coordination of high-priority security events to minimize operational impact
- Identified patterns across recurring security incidents, contributing to improved threat detection capabilities and strengthening proactive risk mitigation strategies

Global Security Command Center Analyst — *02/2023 to 03/2026*
BlackRock — **New York, NY**

- Improved threat detection accuracy by 30% through use of open intelligence sources, geolocation tools, and global monitoring platforms to identify credible threats impacting enterprise operations
- Achieved 83% resolution efficiency within a 5-minute response window for high-priority incidents, supporting rapid containment and minimizing operational disruption
- Reduced travel-related risk exposure by 11% through analysis of global threat patterns and proactive mitigation adjustments aligned to organizational risk tolerance
- Monitored real-time security alerts, assessed incident severity, and escalated emerging threats according to established incident response procedures
- Translated threat intelligence findings into actionable insights supporting organizational resilience and continuous risk mitigation efforts

Automation Systems Administrator — *11/2022 to 02/2023*
Capsule — **New York, NY**

- Identified and remediated system vulnerabilities contributing to a 21% improvement in pharmaceutical fulfillment delivery performance
- Increased operational resilience by 13% through preventative maintenance planning across automated robotics and sensor-based fulfillment systems
- Documented technical issues, root causes, and remediation steps to improve system reliability and support continuous operational efficiency
- Applied risk-aware troubleshooting techniques to maintain stability of automated infrastructure and reduce disruption risk

Fixed Building Security *01/2022 to 10/2022*
Madison Square Garden Entertainment Corp **New York, NY**

- Reduced security risk exposure by 10% through proactive monitoring, screening, and triage of high-volume event activity involving 4,000+ attendees
- Identified and escalated vulnerabilities impacting facility security operations, contributing to improved protective security posture
- Supported safe execution of high-profile events by maintaining situational awareness and enforcing security protocols

Security Officer *12/2018 to 01/2022*
CBS **New York, NY**

- Strengthened incident response coverage through continuous CCTV monitoring and real-time escalation of suspicious activity
- Reduced unauthorized access incidents by 8% through enhanced identity verification and controlled entry procedures
- Supported enforcement of access control protocols protecting personnel, facilities, and organizational assets

CERTIFICATIONS

CompTIA Security+ | AWS Certified Cloud Practitioner | CompTIA A+ | Google Project Management | Lean Six Sigma Green Belt | LexisNexis AI Prompt Essential | Professional Paralegal Mastery of Lexis

TECHNICAL TRAINING

NPower **New York, NY**

- ***Cloud Computing (2023):*** AWS EC2 and S3, cloud infrastructure provisioning and configuration, business continuity, backup and recovery fundamentals.
- ***Cybersecurity (2022):*** Network security, firewall and VPN configuration, intrusion detection, vulnerability identification, and hands-on security testing labs using Kali Linux, Metasploitable, and Oracle VM VirtualBox.

PUBLICATIONS

Lead Writer *05/2026 to present*
Narrative Damage (Substack)
Independent publication exploring how culture, public perception and the increasingly blurry lines between the stories we are told and the realities we live in.

- Research and develop original essays examining contemporary issues through critical analysis of media, culture, and public discourse.
- Draw on current events, academic scholarship, and historical context to support research-informed commentary and analysis.
- Investigate how narratives influence public perception, identity formation, justice, and systems of power.

VOLUNTEER EXPERIENCE

Crisis Counselor *03/2026 to present*
Crisis Text Line **Remote**

- Provided confidential crisis intervention and emotional support to individuals experiencing mental health crises through text-based communication.
- Applied active listening, de-escalation, and evidence-based intervention techniques to assess risk and help individuals develop immediate safety plans.
- Navigated high-pressure situations requiring sound judgment, empathy, and adherence to strict confidentiality standards.
- Collaborated within established crisis response protocols to connect individuals with appropriate community and emergency resources.
